

School Mangement System

Project Overview:

The Student and Teacher Management System is designed to efficiently manage information related to students and teachers within an educational institution.

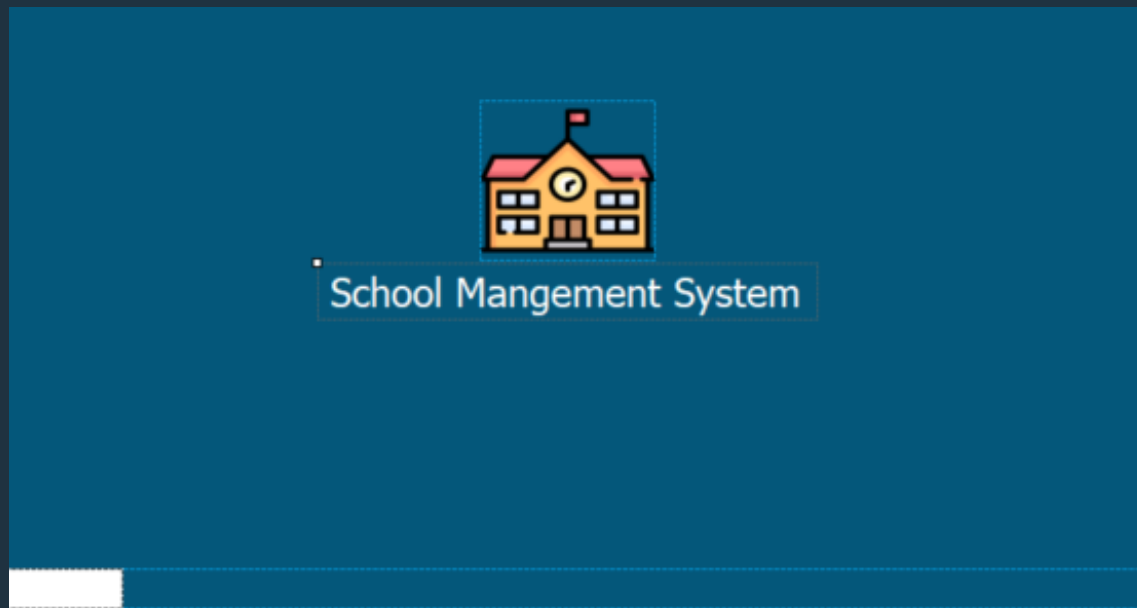

The system aims to streamline administrative processes, enhance communication, and provide a centralized platform for managing academic data.

Presented by students:
MUHAMMED ELRIMI
2110205557
HANI ELHAMWI

School Mangement System

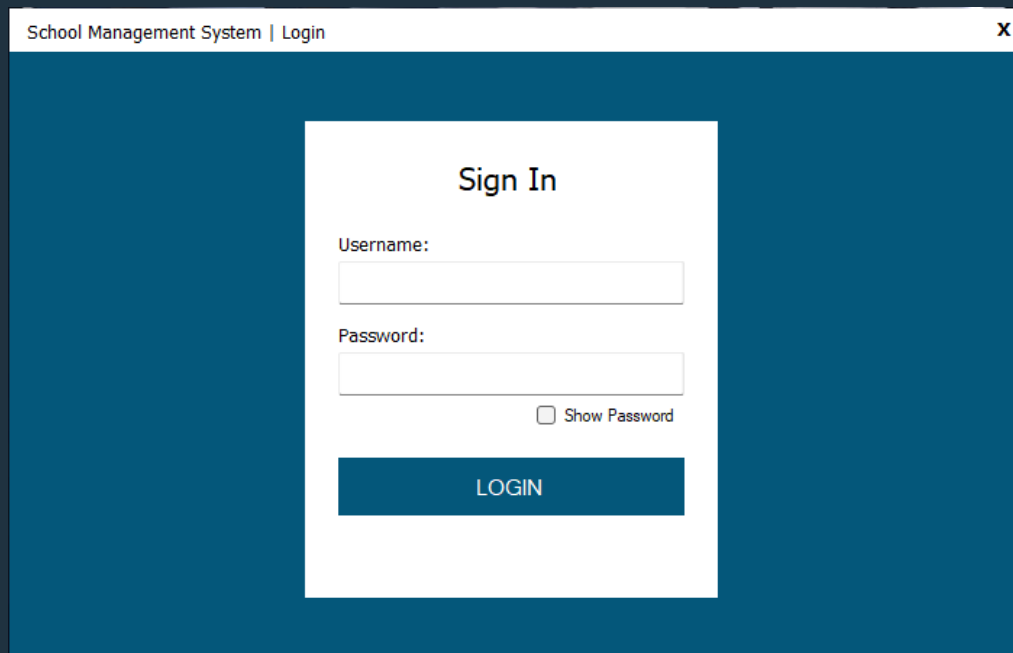

Splash Screen Window:

After running the application, a welcome screen (splash screen) will appear telling us that the program is running.

School Mangement System

Login Window:

The screenshot shows a web browser window titled "School Management System | Login". The main content area has a dark blue background. In the center, there is a white rectangular box titled "Sign In". Inside this box, there are two input fields: "Username:" and "Password:". Below the password field is a checkbox labeled "Show Password". At the bottom of the white box is a blue button with the text "LOGIN".

Here we have a login window, which gives only the admin permission to enter the program's control panel.

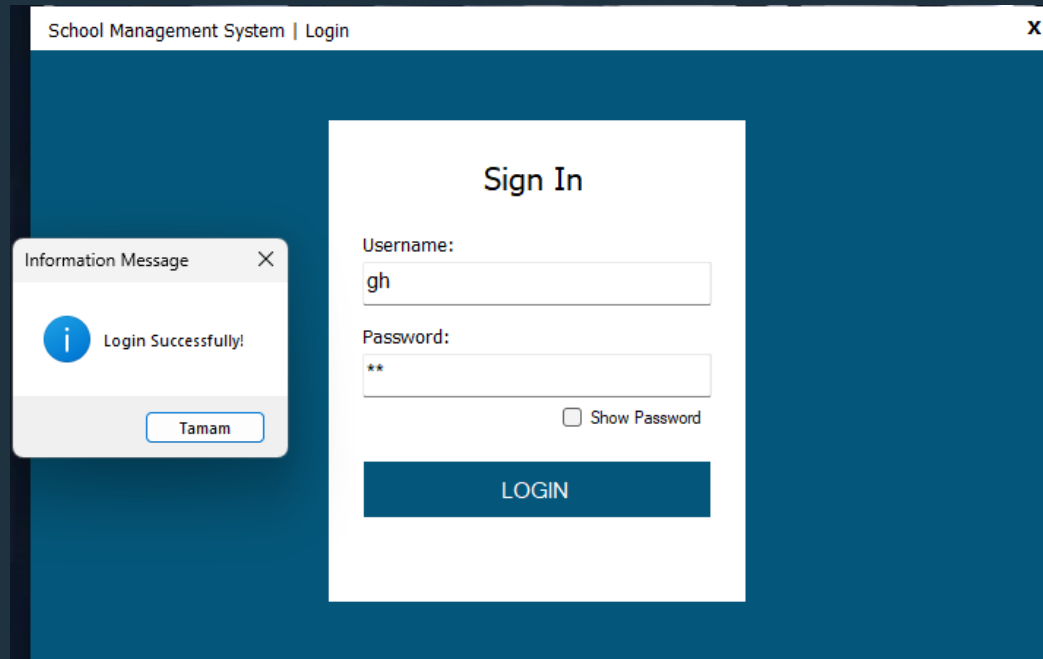

The information is fetched from the database and then compared.

-If it is correct, the program will show a message **(login Succesfully!)**

-if it is incorrect, it will show a message **(Incorrect Username/Password)** as in pictures (3) and (4)

School Mangement System

Login Window:

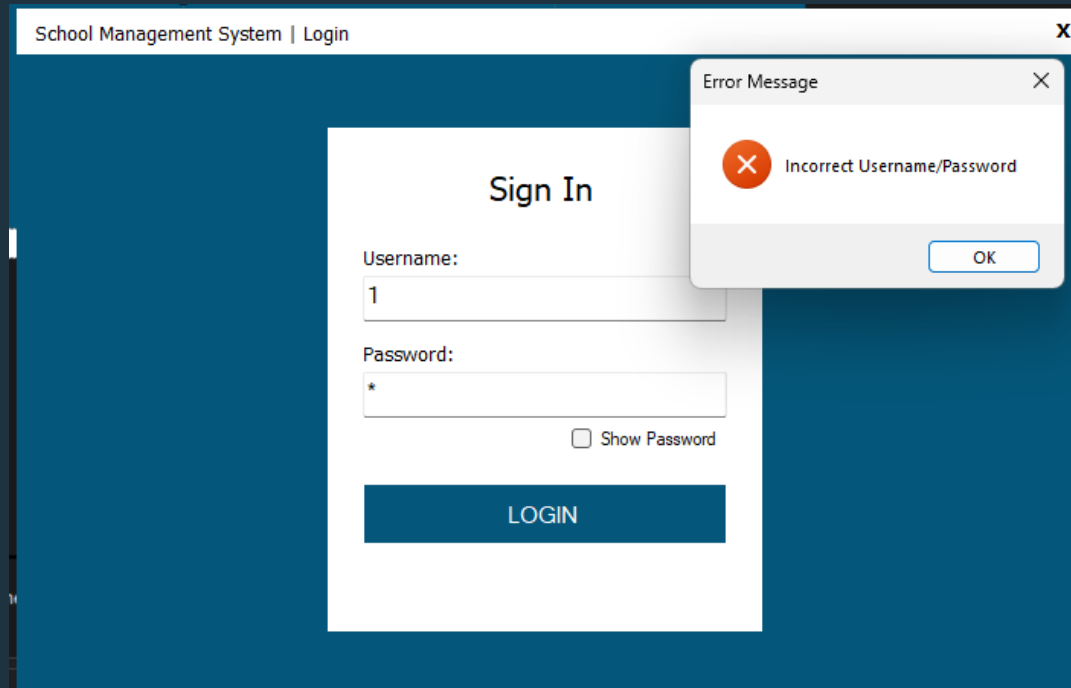

The screenshot shows a web application window titled "School Management System | Login". The main content area has a dark blue background. In the center, there is a white "Sign In" form. The form contains two input fields: "Username:" with the text "gh" and "Password:" with two asterisks "**". Below the password field is a checkbox labeled "Show Password" which is currently unchecked. At the bottom of the form is a blue button labeled "LOGIN". To the left of the form, an "Information Message" dialog box is open, displaying a blue information icon and the text "Login Successfully!". At the bottom of the dialog is a button labeled "Tamam".

Here the program displays a message (login Successfully!)

(3)

School Mangement System

Login Window:

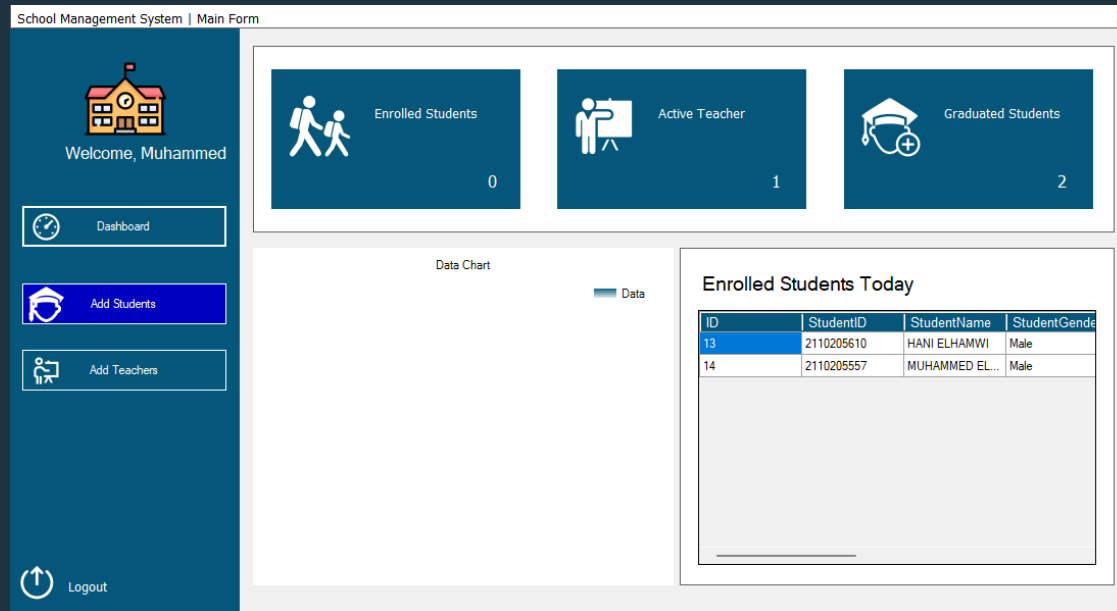

Here the program displays a message
(Incorrect Username/Password)

(4)

School Mangement System

Dashboard Window:

-After the correct login process, the admin's dashboard window will appear.

On the left side we have 4 buttons:

-The first is the return button to the dashboard.

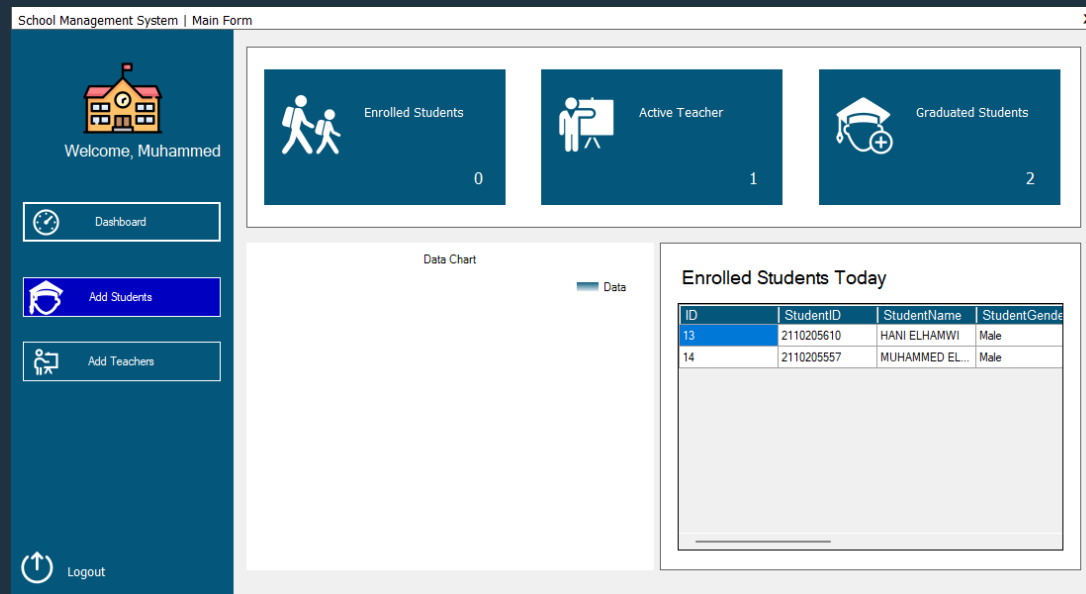

-The second is for students.

-The third is for teachers.

-And the fourth to log out

School Mangement System

Dashboard Window:

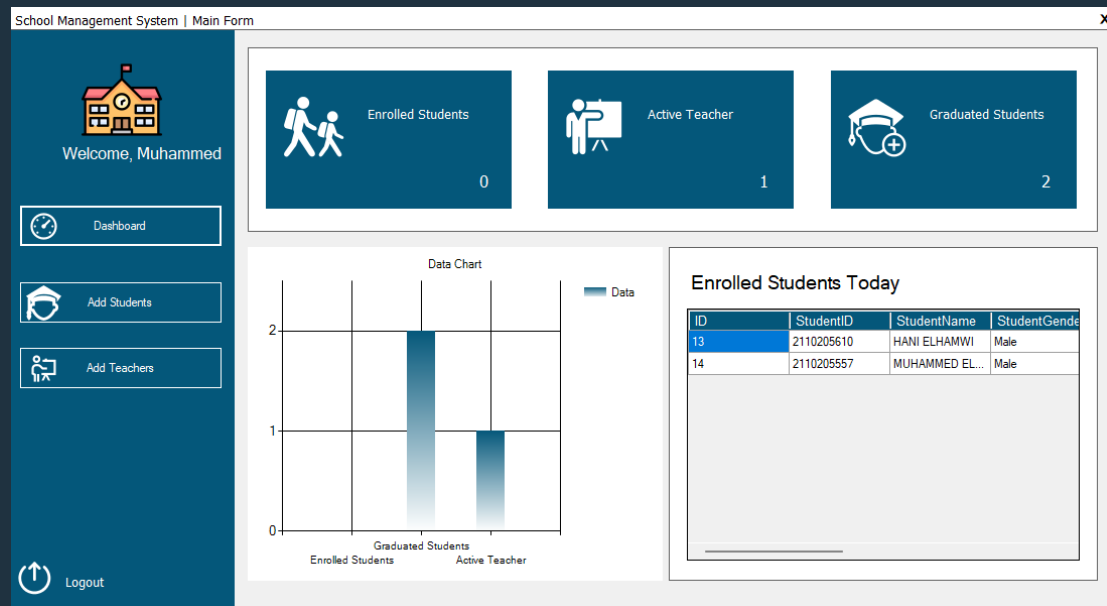

On the top side we have a special widgets that displays the **number** of:

- Enrolled students.
- Active teachers.
- Graduated students.

School Management System

Dashboard Window:

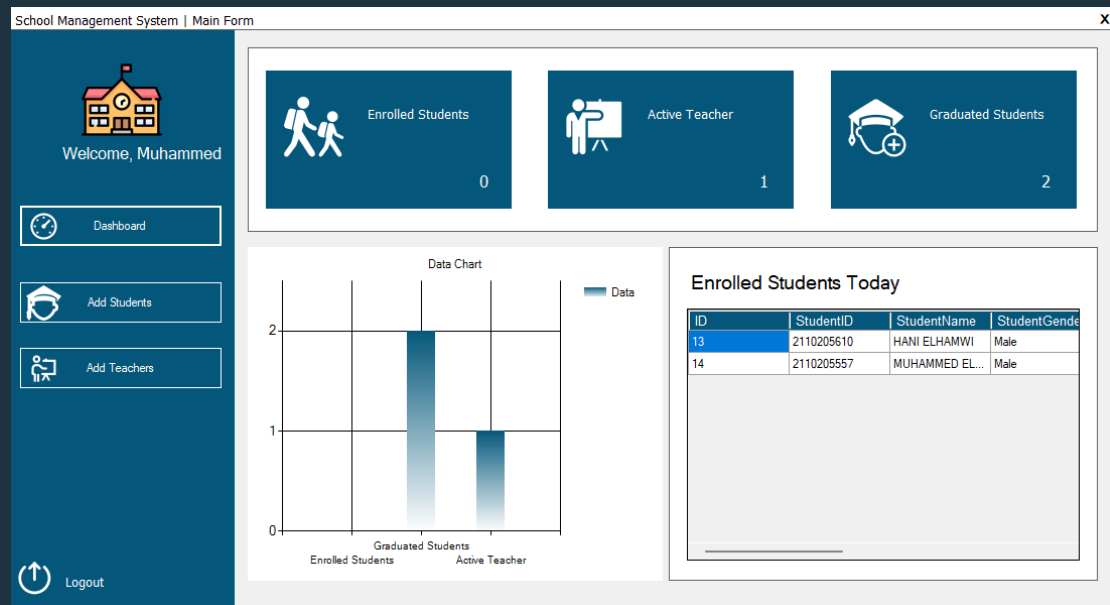

-On the bottom side we have the most important features in our Project.

First one we have a graph that showing the statistics of the numbers of:

- **Active** teachers
- Students who **enrolled** and **graduated**

School Management System

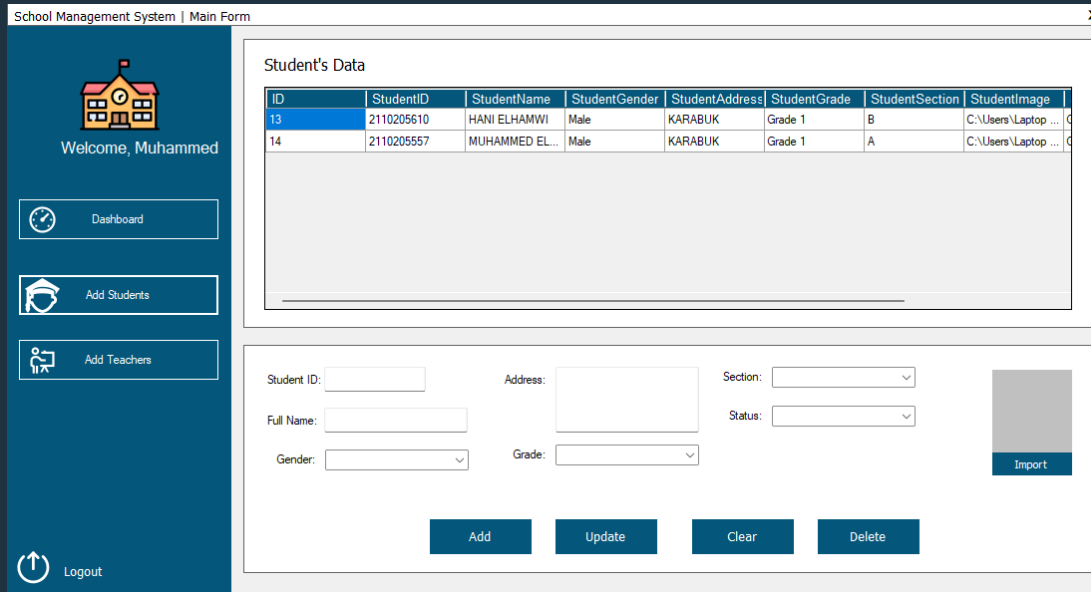

Dashboard Window:

On the other side, we have a table that includes information about the students who are enrolled in the school at the **current day**.

Student ID: Address: Section:

Full Name: Status:

Gender: Grade:

Import

Add Update Clear Delete

The student's information is entered in the bottom section.

we also have several buttons:

- **ADD** (Add a new student).
- **Update** (Update information).
- **Delete** (Delete the information).
- **Clear** (Clear the section from information).

School Mangement System

Add Teachers Window:

The screenshot shows the 'School Management System | Main Form' window. On the left is a sidebar with a school icon, a welcome message 'Welcome, Muhammed', and navigation buttons for 'Dashboard', 'Add Students', 'Add Teachers' (highlighted), and 'Logout'. The main area is titled 'Teacher's Data' and contains a table with columns: ID, TeacherID, TeacherName, TeacherGende, TeacherAddre, TeacherImage, Status, and DateInsert. The table has two rows of data. Below the table are input fields for 'Teacher ID', 'Address', 'Status' (a dropdown), 'Full Name', and 'Gender' (a dropdown). There is an 'Import' button next to the 'Status' dropdown. At the bottom are four buttons: 'Add', 'Update', 'Clear', and 'Delete'.

ID	TeacherID	TeacherName	TeacherGende	TeacherAddre	TeacherImage	Status	DateInsert
6	10	TEACHER	Male	KARABUK	C:\Users\Laptop ...	Active	12/16/2024 12:0...
7	11	MUHAMMED ALI	Male	MERSIN	C:\Users\Laptop ...	Active	12/16/2024 12:0...

Teacher ID: Address: Status:

Full Name:

Gender:

By entering the **Add Teachers** section, a table will appears and showing all registered student data like

- Teacher ID
- Full name
- Gender
- Teacher address
- Teacher status,
- Date insert , etc...
